WORK EXPERIENCE

[Knovator Technologies Pvt Ltd](#)

Surat, Gujarat

Full-Stack Developer

September 2025 – March 2026

- Built full-stack restaurant web app (MERN) with real-time order tracking via WebSockets, serving 1,000+ daily active users.
- Integrated Toast and Incentivio POS payment systems, improved API response times through Redis caching and query indexing.
- Engineered core authentication, order tracking, and POS payment integration for an advanced SaaS ordering platform (Next.js, NestJS, PostgreSQL).
- Handled direct client communication and worked with the tech support team to resolve production bugs under real user pressure.

[Androbuddy Technologies Pvt Ltd](#)

Pune, Maharashtra

Frontend Developer

August 2024 – July 2025

- Built an e-commerce ordering platform (React, Next.js SSR/SSG) with full payment integration, achieving 85–90 Lighthouse scores and 30% faster load times for 4,000+ monthly users.
- Developed two production admin panels, one for the ordering platform (Redux Toolkit, TanStack Query) and one for a Flutter-based community app (Next.js, TypeScript, ShadCN/UI, TanStack Query), enabling full content, user, and order management.
- Designed and developed creative landing pages for multiple internal company products, focusing on performance and visual polish.
